When your pet returns home please wait an hour before offering a small portion of food and water. Excessive eating and drinking upon returning home is common and can lead to problems. Sore throats may result from barking eagerly with their friends. Pets react in their own unique ways. Call us with any questions. Your satisfaction and your pet's well-being are our primary concern. *****Please bring your pet on a leash or in a carrier.*****

Winter Park Pet Place provides your pet a "Home Away From Home". Guests are treated with lots of TLC by staff who know them and their unique needs. Sandy and Jackie, combined, have worked 42 years at WPPP and our part time staff also have many years with us.

These dedicated people are our greatest asset and what sets us apart from other facilities. They love animals, they have made this a career, they are exceptionally experienced and they are committed to your pet's health, safety and fun. A Daily Health Record is kept recording eating, elimination, behavior and other observations. As devoted pet owners themselves, they understand what you want.

The Rooms vary in size - Choice (4x5, 3x6, 3x5); Platinum (5x8, 4x6, 4x10) and are climate controlled, comfortable and clean. There are pleasant walk areas and play yards. Planned veterinary care is available during their stay and immediately, if necessary.

A private, quiet, alcove, The Cats' Meow, is available for our feline friends. This area has windows and play areas, which our guests enjoy exploring during their play-time.
