BRINGING THE SPIRIT OF A LOCAL LONDON WINE BAR TO MARIN.

As you know, there are tons of British pubs this side of the pond,
touting their beers and their fish & chips... we're not that.

Don't get us wrong, we love traditional British pubs,
but having enjoyed many a good time in local wine bars back in London,
I couldn't help but think how much fun - and how well suited - one would be here in Marin.
That's my story and I'm sticking to it. Cheers.

HERE IN MARIN

THE ART OF CONVERSATION.

Friendly banter over a good drink (or two)... the cure of most ills,
as my grandmother would say. A good local wine bar is a place
where you can enjoy a pleasant chin wag with friends and random folk.

Our local custy's are a diverse and fascinating bunch,
there's the banker, the baker... and we're still looking for the candlestick maker...
but come in and network, you never know.

If you want to finish up a little work, check your email or just tool around
on your fancy iPad with your drink, then there's free wi-fi.
However, we suggest you do your bit to save the dying art of conversation.

SIPPING ON THE DOCK OF THE BAY.

We've created a local, warm and relaxed environment for you to enjoy a drink by the water. We're bonkers about wine, and love introducing our latest finds to our custy's. Our menu is always changing with new and exciting wines from both here in California, and from around the world, so keep your eyes peeled.

(Don't panic, there's not any from England),

A great way to taste our wines is our wine flight deal.
If you need a few suggestions just give us a shout. Cin cin.
