*"LET'S REDEFINE THE FOOD TOUR & FLAT PULL
DOWN THE PANTS OF OUR FAIR CITY."*

We believed we could show off our city in a more authentic and tasty way if we'd abandon the sponsored sample trays and long walks. Of this belief, Seattle's one and only eating tour on wheels was born. More food. No hike.

"Amazing time! You made Seattle taste so good and I am now trying to figure out how we can move there." **Travis S. – Baltimore, MD**

"Our time was so special. I am so excited so many people have discovered what a good idea this really is." **Edwina H. – Monroe, WA**

"Everything was awesome. You made me love Seattle in just a few hours. It was fantastic!" **Brian L. – Cincinnati, OH**

EXCUSE ME, IS THAT SEATTLE ON YOUR LIP?

We visit the best places and order full portions ensuring you generous tastes at every stop. Each tour is at least 2 hours in length and features a minimum of 4 stops. Most people opt for longer trips of 4 hours with 6 - 10 different stops on average. (Some brave souls have endured more than 6 hours and as many as 12 stops.) There is no limit.
