Re: City Assisted Evacuation Plan

March 10, 2011

Dear Mr. Fogarty:

Evacuteer.org is vitally important to our City's hurricane preparedness strategy and we are excited about the expanded and increased role that you will be playing to ensure a safe evacuation of nearly 30,000 residents via the City Assisted Evacuation Plan (CAEP), in the event we must call for a mandatory evacuation.

We fully support and are proud to be a partner in educating, raising awareness and ultimately making the CAEP more successful by commissioning public art to designate our neighborhood evacuation pick up points.

We look forward to working with this project alongside the Office of Homeland Security and Emergency Preparedness and The Arts Council of New Orleans, who has obligated \$100,000 through its Percent for Arts Committee to execute the design competition and facilitation of the project.

Sincerely,

  
Councilmember Arnie Fielkow  
Council President

  
Councilmember Jacquelyn Brechtel Clarkson  
Council Vice-President

  
Councilmember Susan G. Guidry
