studio of the arts

*residency program*

49 spa rd. annapolis, md 21401

The Residency at SOTA is a low cost program that works with artists to help them reach specific creative goals. Artists are accepted to the Residency program based on these goals. Artists driven in their medium toward a specific vision are encouraged to apply. Historically, resident artists have included song writers, sculptors, painters, photographers, film makers, graphic designers, fashion designers, and screen printers.

SOTA is a faith based arts non-profit made up of a community of people that love Jesus and are committed to encouraging artists of all kinds spiritually, relationally and creatively to create compelling works that positively influence culture.
